

Casa Arch
Cabo, Mexico

WHY CASA ARCH?

OUR PROJECT IS CALLED CASA ARCH
BECAUSE OF THE HOPE THESE
APARTMENTS WILL BRING TO THE
FAMILIES WHO STAY IN THEM.

The Arch as Symbol

- Arches represent a new beginning - you move through an arch and face a different side, new possibilities
- Arches across the world celebrate victory - we hope that these apartments will quickly provide a transition to triumph and freedom from an abusive situation and remind the families that they can overcome terrible obstacles.
- Architecturally, arches are a main foundation for structures - symbolizing the families' strength and the support that they have behind them.
- An arch resembles a bridge - representing the unity that connects the United States with Mexico and showing a message of solidarity with the citizens of Cabo.
- Casa Arch represents the famous Cabo Arch - and the goal that all of the children attending Paty's School will escape their neighborhood and have the means to visit the Cabo Arch.

MY INSPIRATION

Homes in Cabo

The “homes” that dot the desert between the airport and Cabo have always bothered me. I wondered how kids could live like that - wood and metal sheets for walls and roofs, concrete blocks, plastic tarps, no bathroom, no air conditioning in the desert heat. Sadly, these neighborhoods exist in many locations across Cabo; and precious children fill them. A safe home creates peace, security, and the ability to thrive. The lack of these makes growing up and thriving so much harder.

Paty's School

The El Dorado foundation builds many important projects across Los Cabos, one of which is Paty's School, a wonderful school located in a very poor neighborhood. At Paty's School, kids learn, play, eat, and dream. They build a hope to one day live by the ocean instead of in their dusty desolate neighborhood. When I visited Paty's for the first time I was struck by the fact that the children didn't even know the sea existed until a taller building at Paty's was built. But now, Paty's is opening their eyes to a whole new world and showing these amazing children what is possible when you work hard and have others that care to invest in you.

THE CASA ARCH PROJECT

What We Are Building

We now have the opportunity to provide another essential service at Paty's by funding and building two apartments on the property.

These apartments will provide temporary housing for desperate children and their mothers who face domestic abuse and need to leave their current home.

The apartments will provide a safe home until a permanent home is found.

This project will bridge the gap to hope when it is needed most.

The Process

The total cost is \$6.8 million Pesos - about \$390k USD.

The building should take 6-8 months to complete once we have it funded.

THE ASK

THE MOTTO OF PATY'S SCHOOL IS "DAR PARA RECIBIR."
CHILDREN WHO HAVE VERY LITTLE LEARN "TO GIVE TO RECEIVE."
THEY INSPIRE ME, AND I HOPE THAT WE CAN TOGETHER GIVE
THEM A BETTER NOW AND A BETTER FUTURE.

**I ASK FOR YOUR SUPPORT OF THE CASA ARCH
PROJECT TO HELP FUND THE HOUSE WITH 2
APARTMENTS AT PATY'S SCHOOL. YOU CAN SHOW
YOUR SUPPORT BY:**

- **01. DONATING TO THE PROJECT.**
- **02. SHARING WITH YOUR FAMILY, FRIENDS & FOLLOWERS.**

**I WILL HAVE A WEBSITE AND DONATION LINK VERY SOON

THANK YOU!
